## Principle List

Wild Hibiscus Flowers in Syrup are a very unique product, hand-made in Australia with the upmost care for quality. Our flowers are 100% natural & have a naturally sweet rhubarb-raspberry flavor. Our flowers can be served as a garnish in a good sparkling wine & are great as a premium garnish in cocktails and other culinary applications.

Finger Limes are an unusual variety of Australian citrus which retain their juice in caviar-like vessels. This citrus caviar is not only visually attractive but produces a burst of lime-like taste unique to the Finger Lime. Imagine the possibilities...

Applegate antibiotic free products are made from minimally processed natural and organic whole muscle meat. We offer a full line of natural and organic meats including turkey, chicken, beef and pork, bacon, hot dogs... and cheeses too! Now available for foodservice...

Barramundi is regarded as one of the world's finest eating fish. With a succulent, delicate texture & mild buttery flavor, chefs nationwide are praising its versatility & declaring it "the next seafood sensation". Naturally low in saturated fat & cholesterol, Barramundi is an excellent source of protein & is high in Omega-3 fatty acids.
