

SAVINI TARTUFI

For five generations, Family Savini from the Pisa region of Tuscany, has specialized in the finest craftsmanship of truffle products in Italy. Here in the area around Pisa, Florence and Siena, a choice of five delicious truffle varieties is revealed to the truffle hunters – from exclusive black summer and winter truffles to the white spring truffles up to the noble queen of fungi, the Alba truffle. Due to the different aging periods, Savini Tartufi benefits from the luxury of a year-round harvest of the Tuscan jewel. The hallmark of Savini Tartufi products is its unique freshness. Cristiano and Luciano Savini choose their mushrooms personally by hand, and thus pay heed to both the quality and the origin guarantee of the Tuscan truffle.
